A Month

FENCING COMPLETES THE PICTURE

One of the easiest ways to add practical beauty to your home is to fence your yard. A fence "frames" your home and lot, provides a beautiful backdrop for flowers and shrubs, and draws together the house, the yard, and the garden.

On the practical side, a fence gives your children a defined play area, protects valuable shrubs and plantings, and discourages intruders. A fence adds value to your home, too. It can easily become your best investment from the standpoint of improving your entire homesite. In this booklet is a wide selection of attractive Beaver fence designs for traditional and modern homes. Each one of these Beaver designs is planned for economy and ease of erection. Phone Beaver today.

Custom Fencing

Planned for your individual requirements

Other beautiful fencing designs illustrated in the Beaver Fence Selector will help you select a fence built to your own individual requirements. This colourful selector helps you visualize how each design will look when erected on your property. See it at Beaver.

YOU CAN ORDER BEAVER FENCING BY PHONE

- Measure your lot
- Choose a design
- Order complete materials by the running foot or section

**It's The Easy, Inexpensive
Way to Build Your
Fencing Quickly . . .**

Simply measure your lot for fencing. Then, choose the Quick-Bilt fence to suit your home, then phone or visit Beaver. Order complete materials either by foot or by section. Your Quick-Bilt fence will be delivered ready to build. Selected quality lumber is used throughout, supplied complete. No waste due to miscalculations . . . we use stock lengths to save you money. You know the exact cost before you start.

To speed the job . . . rental post hole augers available.

**BEAVER WILL BUILD YOUR FENCE
NOTHING DOWN — BUDGET TERMS**

HAVE YOUR HOME IMPROVEMENTS NOW!

You can enjoy your home improvements *now* . . . pay for them later . . . by using Beaver Lumber's Budget Plan. Loans can be easily arranged, from \$100 to \$3,500, with up to 48 months to pay. No down payment is required on approval of your credit. We will help you complete your home improvement plans, provide accurate estimates, suggest ways of saving money and provide a convenient payment plan to suit your own personal budget. Come in and talk it over—we're always glad to help.

WHO CAN GET A LOAN?

Anyone with a regular income who has good credit standing.

HOW DO I GET A LOAN?

Apply at your Beaver Lumber store where the manager will make all the necessary arrangements . . . in strictest confidence.

9 ADVANTAGES OF THE BEAVER BUDGET PLAN

- Your savings are kept intact for emergencies while your purchase is made out of future income.
- Financing is arranged quickly and confidentially at your Beaver store.
- You can buy what you want more readily. That extra item means only a few dollars a month.
- You will find Beaver Lumber stores in most communities . . . either at home or at the lake.
- The Beaver plan is flexible . . . designed to fit your individual needs.
- You receive a Credit Reference Card which identifies you when further credit is required.
- You can take advantage of special prices . . . buy what you want when you need it.
- Credit may be obtained for both material and labor charges.
- Additional purchases may be added to existing loan from time to time.

4 WAYS TO BUY

- BUDGET PLAN • APPROVED MONTHLY CHARGE
- THRIFT PLAN • CASH OR C.O.D.

Hinges . . . \$1.29 a pair Latch . . . 59c

DESIGN YOUR OWN GATE TOP—Illustrated above are just four of the ways you can saw your Beaver Gate Top to your own pattern.

FRONT

SOLIDLY BUILT

BACK

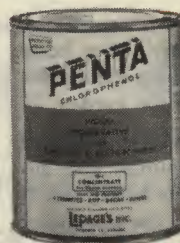

WOOD PRESERVATIVE

For Wood That Is NOT To Be Painted

Preserves Fence Posts or Any Lumber In Contact with Earth

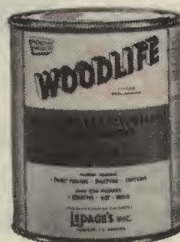

An economical and effective CLEAN preservative for wood that is not to be painted:—fence posts—guard rails—or any other wood that is to be subjected to severe exposure. Ready-to-use. Excellent as soil poison. Kills and prevents rot, decay fungi and termites. Adds years to the life of posts.

\$3.95 A GAL.

WOODLIFE

FOR FENCING AND OUTDOOR FURNITURE

WATER REPELLENT PRESERVATIVE

FOR WOOD THAT IS TO BE PAINTED

The original water repellent preservative for wood. PENETRATES to protect, sealing the cells internally—DOES NOT MERELY seal the surface. Paint lasts longer and goes farther when applied over WOODLIFE treated wood. Protects against blistering—peeling—warping—checking. Nontoxic and odourless when dry. Kills and prevents termites, rot and mould.

\$32.95 Per 100 Ft. Roll

Green in Stock;
Yellow, White and Coral Available.

HOW TO MEASURE FOR FENCING

Measure your lot in feet and indicate the distance between proposed corner posts, end posts and for gate posts as shown in diagram. The line posts supplied in your kit are spaced at 8, 9 or 10 ft. intervals between corner or end posts so all that is required is the measurements between corner posts, end posts and/or gate posts. For planning help and estimates see Beaver Lumber.

THE GREATEST CONVENIENCE SINCE THE
INVENTION OF THE SELF-STARTER

ALL NEW 7" SAFETY CLUTCH SAW

Professional Performance, Low, Low Price!

\$39.95

Here's the "last word" in fine portable electric saws —at a price that will amaze you! Built for a rugged on-the-job service and long, trouble-free life. Has precision-cut alloy steel gears, dynamically balanced to reduce vibration. Includes rip guide. Beautiful silver luster finish. Model SC-7100.

Full 7" Blade cuts 2-7/16" at 90°, 2" at 45° bevel. Clutch prevents "Kick-back" and increases saw life. Full 1 horsepower motor.

SHOPMATE CSA APPROVED
All Shopmate power tools have the Canadian Standards Association stamp of approval.

\$22.95

OSCILLATING SANDER

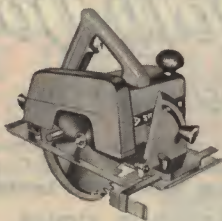

You'll find a use for this home workshop sander on almost every project. Designed for light, medium or coarse sanding: 4,000 oscillations per minute. New finger indented handle and knob type front handle makes control and handling a cinch. A compact, lightweight tool you'll be proud to own. Model 280-C.

\$22.95

PORTABLE JIG SAW

This lightweight saw is a "jack of all trades" —a rip saw, jig saw, hand saw, cross cut or keyhole saw. Makes its own starting hole and powerful air jet keeps cutting area free of chips and sawdust. Cuts 2 x 4 easily—ideal for plywood. The handiest power tool you can own. Model SJ-581.

\$47.95

7" POWER SAW

Equipped with Automatic Safety clutch. Depth of cut 27/16" at 90°... 2" at 45°. Greater power provides faster cutting action. Calibrated, adjustable rip guide, auxiliary handle, 8 ft. rubber cord, telescoping blade guard with retracting lever... plus many new built in engineering features that make this a truly versatile work and time saving saw. Model SC-700.

NOW \$39.95

OSCILLATING SANDER

A rugged tool built for heavy use with large 7/4" x 3/8" surface for light, medium or heavy sanding on metal, plastics, wood, composition materials, etc. Adjustable auxiliary handle ensures easier sanding in awkward positions. Has convenient thumb operated "off-on" switch. Model 200.

NEW TWIST-LOCK

1/4" POWER DRILL

Shopmate Drill (Model 740CG). This top value drill gives you more torque power than any other drill in its price class. Has powerful 115 volt A.C. motor, blower-cooled and dynamically balanced motor to eliminate vibration. Comes geared chuck and key. To use any TWIST-LOCK attachment, mount the adapter (which is supplied with every attachment) in the drill collar—and you're ready to go!

ONLY \$16.95

TWIST-LOCK OSCILLATING SANDER-POLISHER (Model TLS-18). Fast action—minimum vibration. With TWIST-LOCK adapter. Complete \$12.95.

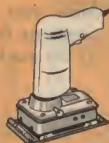

TWIST-LOCK JIG SAW (Model TLJ-58). Ruggedly built—will easily cut through 2 x 4. With TWIST-LOCK adapter \$12.95

Drinking Water from Lake or Well

This easily installed sterasyl filter provides crystal clear, germ-free drinking water from lake, river or well. Leaves no chemical taste yet kills bacteria without boiling. Eliminates surface film and improves flavour of home prepared beverages. The basic sterasyl unit is adaptable to standard 1/2" plumbing fittings and can be mounted above or below kitchen counter. For most convenient cartridge cleansing, install above counter. Output is about 25 gallons per hour on pressure system or 20 foot high raised storage tank of cottage or rural home. The stainless steel reinforced replaceable cartridge has a normal continuous life of 18 months. The large porous filtering surface assures maximum water flow. The white plastic filter case is about 12" high and 2 1/2" in diameter. Complete installation instructions included.

CAN BE MOUNTED ABOVE OR BELOW COUNTER

Dominion STOR-M-DOOR

Aluminum and Wood Combined to Give Functional Beauty

Stor-M-Door offers you the fine appearance of wood combined with the practical handling of aluminum-framed glass and screen self-storing inserts. Tested for hard use and children's slamming, you can be sure STOR-M-DOOR will grace your doorway for years. Toxic dipped and sealed ready to finish. Clear face wood lends well to natural finishes—natural beauty and insulation value only wood can give—at a remarkable low price.

2'8" x 6'8 1/2"	\$31.45
2'10" x 6'10 1/2"	\$32.95
2'6" x 6'6 1/2"	\$29.95
3'0" x 7'0 1/2"	\$34.60

Save Money and Get Greater Insulation with Wood Storm Windows

You get more for your money with good storm windows. . . Far greater insulation and protection more economically. Unlike metal, wood effectively resists the transmission of outdoor cold. Save up to 35% on your fuel bills. You can also attractively paint wood storms to add to or match the colour of your home now or in the years to come! Dollar for dollar there is more value and the saving is greater when you choose wood storms.

WOOD STORMS EVEN FEEL WARMER

Take a piece of wood in your hand and feel the actual warmth of wood; then pick up a metal object and feel its coldness. This is a simple test by which you can judge the value of wood storm windows for your home.

See Beaver for suggestions in your planning.

WINDOWS MAKE YOUR HOME — SEE BEAVER FOR PRACTICAL SUGGESTIONS

Winter or Summer You'll Enjoy
The Convenience and Comfort of

Aluminum Combination Storm-Screen Windows

- Easily installed • pre-drilled • no special tools needed
- no more yearly painting.

Two light double hung window storm and screen

(As shown at right). Complete ready to install. Unit consists of one Aluminum frame, one Aluminum screen section, two glass storm sections and all necessary accessories. All panels slide up and down for easy removal from inside.

OPENING SIZES UP TO 100" **\$17.95** Installed **\$21.95**
(width A plus height B)

Over 100" and up to 130" size **\$21.95** (installed **\$25.95**)

One light storm for picture window

For a fixed centre light (no screen). One glass panel with no bars for clear view. Assembled in Aluminum frame. Glass panel removable from outside. Glass (double diamond or heavier) supplied according to NHA specifications for size.

OPENING SIZES UP TO 96" **\$21.95** Installed **\$25.95**
(width A plus height B)

Over 96" and up to 110" size **\$25.95** (installed **\$29.95**)

Over 110" and up to 120" size **\$32.95** (installed **\$37.95**)

Basement window storm and screen

Assembled complete with permanent Aluminum screen inside with removable glass outside. Three standard sizes fit most basement windows—34-5/8 x 17-9/16, 34-5/8 x 19-9/16 and 34-5/8 x 21-9/16.

OPENING SIZES UP TO 60" SIZE **\$13.95** Installed **\$15.95**
(width A plus height B)

(includes 3 standard sizes above)

Side-Slider Storm and Screen windows

Designed to match side-sliding interior windows. Complete ready to install. Consists of aluminum frame, one aluminum screen section, two glass storm sections and all necessary accessories. All panels slide.

OPENING SIZES UP TO 100" **\$17.95** Installed **\$21.95**
(width A plus height B)

Over 100" and up to 130" size **\$21.95** (installed **\$25.95**)

Important Price Information to determine price of double hung windows add width (A) plus height (B). Total in inches is the "Opening Size". **EXAMPLE**—If total is 84" (double hung window price is then **\$17.95** (up to 100" size). See ordering instructions below.

How to Measure Carefully Before Ordering
Use wooden ruler or rigid tape. Measure as shown in sketch at left. State width of opening between side casings (A). State height of opening (B)—from bottom of top casing to top of sill. For double hung windows only—state measurement from bottom of top casing to centre of wood meeting rail (C).

Allow a Minimum of 2 Weeks for Manufacture and Delivery on All Windows.

PREMIER ALUMINUM PRIME WINDOW UNITS

Complete frame and inside window (combination storm-screen an optional extra).

Jalousie LOUVRED WINDOWS

No More
Hard to Open
Windows

Full Ventilation at a Touch

This summer you'll appreciate and enjoy full ventilation in your kitchen or any room in your home when you replace your present windows with Jalousie windows. It's easy to replace your present windows with lever operated Jalousie windows... remove old window sash and then screw on Jalousie hardware, insert glass louvers, nail in stops and you have a modern, easily operated Jalousie window. These attractive Jalousie windows can be opened or closed with a touch for full ventilation or weather tight protection (your present screens and storms need not be changed). You can clean both sides of your window from the inside.

Example—Glass and hardware for an 8
louved Jalousie window for an opening
24" wide and 29" high.

Only \$16.95

Jalousie windows range from 4 louvers to 22 louvers for opening sizes from 15" to 78" high and up to 36" wide.

REAL COMFORT THIS SUMMER

Jalousie windows are a boon to home owners. Breezeways, porches or any room in the house can have full ventilation at a touch with the simple installation of Jalousie windows. **Example**—14 louved Jalousie window for opening 24" wide and 50" high—**\$24.50**.

FREE PLANS SUPPLIED WITH EVERY BEAVER HOME

End Yearly House Painting and Repair Costs ... SIMPLY WASH ONCE A YEAR ... NO MAINTENANCE COSTS WITH **ALUMINUM SIDING**

2 popular styles - vertical and horizontal - 5 attractive colours

VERTICAL

HORIZONTAL

Suburban Styling with Vertical Panels or Traditional Touch with Horizontal Bevel Siding Panels

Horizontal Clapboard style, Shadow-line vertical, or a combination of both—whatever you wish—Medallion installs quickly and easily in new homes or old . . . over siding shingles, stucco, imitation brick, wood siding, or sheathing on new construction. Exclusive inter-lock design makes a practical, permanent weather-proof installation. No exposed nails.

Gives Lasting Insulation Against Summer Heat and Winter Cold — Defies Wind, Water, Rust and Fire!

Even more remarkable, Medallion also deadens noise! Fabricated of .025-gauge aluminum, it meets the exacting standards of C.M.H.C. and is acclaimed by architects and builders across Canada. Truly, Medallion Gold Bond Aluminum Siding is your best means of assuring lasting home beauty, protection and comfort.

BAKED IN SURFACE COLOUR LAST FOR YEARS. Tough, baked enamel finishes won't chip, crack, peel or warp! Double thicknesses of highest quality vinyl enamel are deep baked *scientifically* into the sturdy .025-gauge aluminum. The result is colour-fast beauty that lasts for years even under the most severe conditions—a fact proven by ALCAN in Weather tests over 15 years. This means that Medallion Gold Bond Aluminum Siding literally puts an end to your painting costs.

PAYS FOR ITSELF IN A FEW YEARS. You save every year with no repainting costs, no repair costs, reduced fuel bills, and lower fire insurance premiums. Your Medallion Gold Bond Aluminum Siding does not deteriorate—you simply wash once a year to original lustre.

Attractive . . . Versatile

LOUVRE SHUTTERS

Add distinction to your home

Use them dozens of ways around your home. Louvre shutters lend a charming difference on the outside of your home. They add new colour, new lines, a complete new look. Use them many other ways . . . as fence-high swinging gate in the front or back yard, as porch gates, in recreation rooms as cupboard doors or as bookcase doors in your favourite living area. Solid (non-ventilating) strongly-constructed louvre styling. An exclusive feature of Dominion Louvre Products.

ANY WIDTH OR HEIGHT AVAILABLE

Dominion louvre shutters and doors are made from clear face, close grain Ponderosa Pine, Toxic treated and sealed to guarantee long-lasting satisfaction.

Dominion

Sash

LIMITED

PATENTED
CLOSED
LOUVRES

Exclusive, solid Dominion louvres give you a solid wood door or shutter that is practical and sturdy for years of hard service. Where ventilation is required, specify open louvres.

Hollywood Doors

Wonderful things happen to a room when you add the charm of louvre doors. Each doorway suddenly becomes an exciting entrance to more colourful living. Even the most discriminating homemaker finds the combination of imaginative colour and louvre beauty makes your home a new, charming venture in everyday life. Choose from four traditional Hollywood louvre door styles. You'll find one of them the perfect combination of private closure and modern charm for your home.

4 DISTINCTIVE STYLES TO CHOOSE FROM

1100

1102

1101

1103

"Hollywood" doors are practical, too, and will keep out dust and cooking odours, making them ideal even for closets or kitchens. Choose new functional beauty with "Hollywood" solid louvre doors wherever a door is used in your home.

If you need ventilation, specify the open louvre door.

As Low As \$20.35 A Door

Louvre-Fold Doors and Panels

Louvre-fold doors and panels can be used in a wide variety of ways around the home. As bedroom closet doors, divider walls, living room archways, interior shutters in the kitchen, den or living room . . . almost anywhere you want to add more character and charm to your home easily and inexpensively.

Example: For opening 24" x 78" (2 doors) \$22.90 doors only

1000

1002

Folding Door Hardware

Dominion Sash easy-to-install folding door hardware has top track only. No floor track to get in your way. Quiet-operating nylon parts are self-lubricating, dependably smooth. Doors align automatically when closed.

Example: For opening 24" x 78" . . . 2 doors, complete with folding hardware and track. Complete..... **\$27.50**

Combine your own louvre panels or doors . . . any size . . . just give Beaver the measurements.

IF YOU ARE BUILDING or JUST PLAIN "WANT A NEW KITCHEN" INSIST ON A *Hanover* KITCHEN FROM BEAVER . . .

**COMPLETELY PREFINISHED... COMPLETELY INSTALLED
As Low As \$17. A Month**

They're designed for you in beautiful prefinished woods—planned by a Beaver Kitchen Specialist to make your kitchen an efficient and enjoyable work area. Modern Hanover Birchwood Kitchens are built to blend with today's Built-Ins—special cabinets allow any built-in to fit snugly into place and retain the overall warmth of wood throughout your complete kitchen.

See the Hanover Kitchen Display at Beaver.

HANOVER BIRCHWOOD SERIES KITCHENS

Your Birchwood Kitchen is designed to fit your kitchen from wall to wall and corner to corner with no open, hard to clean spaces.

Sink, drawers, lazy susan and upper cupboards are located where they'll be most convenient. Modern Built-Ins—counter stoves, built-in ovens, under counter dishwashers, built-in refrigerators all can be located to save you time and extra steps. You'll love the smart compact styling.

With the counter top of contoured Arborite and a quality nickel stainless steel sink you'll find "clean up" time a pleasure.

PERSONALIZED—whether you're remodelling your old kitchen or planning a new home, we'll custom plan your Birchwood Kitchen to include step saving convenience and your own personal ideas.

COMPLETE ESTIMATE—you know where you're going at Beaver. All materials and installations are included in your Birchwood Kitchen estimate. You know the complete cost with no hidden "extras".

Hanover Kitchens from Beaver cost no more. Quality always pays . . . selected woods, quality craftsmanship, durable baked on furniture finish, contoured counter tops and modern styling. We'll readily agree you can buy a cheaper kitchen but we know you can't buy a comparable kitchen with all the Hanover features at less cost. Insist on a Hanover Kitchen from Beaver—you'll be forever glad you did.

BIRCHWOOD BY HANOVER

Are prefinished in natural Birch—your choice of Furniture Finishes—Vista (light natural), Nutmeg (spicy brown), Cherry (light reddish brown), Acorn (nut brown), and Mahogany. If you wish, Birchwood Kitchens may be ordered unfinished—sanded and ready to paint or stain in your choice of colours.

COMPLETELY INSTALLED

Your Hanover Birchwood Kitchens can be installed in less than a day. An ordinary installation takes at least 3 days or longer with many family inconveniences. With a Birchwood Kitchen there is no on-the-job construction, no painting odours, no all day hammering because they're installed completely prefinished.

PLANNING ASSISTANCE—at your Beaver stores you'll find trained kitchen specialists to offer friendly suggestions and valuable help in finalizing plans. You'll receive a finished kitchen layout for your approval.

EASY TERMS—Beaver Lumber offers its own payment plan featuring easy terms to suit your own requirements. Have your new kitchen today . . . Start to enjoy it at once. It's so easy at Beaver Lumber.

THERE'S A BEAVER KITCHEN SPECIALIST IN EVERY BEAVER STORE

Planning A New Kitchen?
BE SURE TO INCLUDE MODERN
PREWAY BUILT-INS . . . HERE'S WHY!

As Advertised In
Canadian Homes and Gardens
Better Homes and Gardens
Life and
House Beautiful

Preway Built-In Wallchef Oven—The first thing you'll notice . . . and your friends will admire . . . is the lovely look of luxury, the gracious air of elegance a Preway Wallchef oven gives your kitchen. Then you'll delight in the many convenience features, the dependable, automatic performance Preway provides for baking, roasting, broiling and "rotissing" everything new and exciting to make cooking fun instead of a chore—gas or electric.

The Finest Refrigerator-Freezer You Can Own—Of course PREWAY styling meets the eye with the look of luxury you want . . . and PREWAY engineering meets your ideas of functional service with the most efficient arrangement of all refrigerator-freezers. PREWAY gives you more useable shelf room, more storage space than a free-standing unit of equal capacity, plus automatic self-defrosting, many other convenience features.

The *Look* in a kitchen that steals your heart is the PREWAY Built-in *Luxury Look*

PREWAY

Kitchens with Built-Ins are to-day's modern approach to kitchen styling and work saving convenience. All your kitchen conveniences—stove, oven, refrigerator and dishwasher are "Planned in"—each one located to save you time and extra steps making your kitchen a joy to work in.

Whether you're buying a complete kitchen for a new home or remodelling your present kitchen, Preway Built-Ins add the different touch that will make your kitchen the envy of the neighbourhood.

You'll be pleased with the easy to clean, unbroken lines of cabinets and counters—your stove fits right in the counter top just like a stainless steel sink—your oven is installed in a cabinet at convenient counter level—a special cabinet frames your refrigerator—your dishwasher becomes part of your base cabinets close to your sink. Everything belongs—your stove, oven, frig., etc. fit in special cabinets, all blending (in enamel or natural wood) with the rest of your kitchen cabinets. No more hard to clean spaces between stove and counter or frig. and counter.

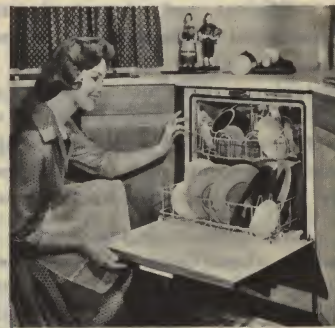

Preway Built-Ins feature a wide choice of beautiful colours—white, yellow, pink and turquoise in easy to clean porcelain. In metallic finishes you can choose between the popular Provincial Copper-tone or the always attractive Stainless Steel or Satin Chrome.

Preway, the pioneer manufacturer of Built-Ins, have Built-Ins for every budget.

COMPLETE INFORMATION, PLANNING AND INSTALLATION SERVICE—At Beaver we don't just sell Built-Ins . . . we'll build the "Built-Ins" in for you in attractive Hanover Kitchen Cabinets, complete with Arborite "non-drip" Contoured Counter Tops, Stainless Steel Sink and modern Chrome Faucets. Let the Beaver Kitchen Specialist show you how Built-Ins and Kitchen Planning can make your kitchen dreams come true.

Counterchef by Preway—Beautifully styled, functionally engineered, Counterchef by PREWAY is the built-in range of distinction. Thermal-eye burner, ramp control that dials the heat you want. Lift-out spill over trays, satin-chrome top—these are specifications of PREWAY quality by the pioneer manufacturer of true built-in appliances—gas or electric.

Preway Built-In Dishwasher—Better than a magic wand is the magical performance of a marvelous PREWAY Built-In Dishwasher. You'll love it . . . love its convenience, its efficiency—the way it rinses washes, dries your dishes radiantly bright, hygienically clean . . . all automatically, of course. Special Turbo-Wash is just part of its secret.

NOTHING DOWN . . . With Up To 3 Years To Repay On A Confidential Beaver Budget Plan

WE'LL REMODEL YOUR PRESENT KITCHEN WITH BIRCHWOOD CABINETS ...

Sanded — Ready To Paint or Pre-Finished

AMERICAN-Standard **NICKEL** stainless steel sinks

AE-2218
\$39.95

DOUBLE BOWL

Compact twin bowls—perfect for wash and rinse convenience. Overall size 18" x 31" and 7" deep. If you have the counter space this double bowl sink is a great kitchen convenience. Seamless stainless steel that will not rust, crack or chip.

AE-2223
\$59.95

3 or 4 Hole Drilling

DOUBLE BOWL with Ledgeback

Gleaming, protective ledgeback protects your counter top from splashing and spray. Adds a look of elegance to your kitchen. Overall size 20½" x 31" x 6½" deep. A handsome addition to any kitchen.

NICKEL MAKES THE DIFFERENCE

Nickel in stainless steel gives you the extra measure of serviceability for better looks and longer wear. All Beaver quality stainless steel sinks have the extra protection of nickel. There's no baked-on glaze to chip, crack, or wear off and expose dullness underneath. There are no pores to catch and hold dirt or discoloration. And of course, Nickel stainless steel defies rust or corrosion. Like a fine silver, your Beaver stainless steel sink actually will become ever-lovelier with the years, thanks to nickel.

AE-2118

SINGLE BOWL STANDARD SIZE

No scouring—just rinse it with soap and detergent and water . . . your stainless steel sink, like glass, is easy to clean. This single bowl sink is big enough for all your dishes. Overall size 18" x 20" x 7½" deep.

Colourful... Soft Sheen... Long Lasting LINOLEUM TILE

Linoleum means loveliness for every room in your home

To-day's swing to decorative floors puts linoleum in the limelight! It is colourful, yet subtle... modern... wonderfully versatile. Linoleum gives you richer neutral colours for bedrooms and living rooms, and it's a gay and glamorous gloom-chaser in the kitchen, bathroom, den-playroom and hall. Linoleum is quiet, functional... grand for the "family" or "party-making" home. It remains fresh, and sound-softening for life because of its resilient composition. Its surface wipes off in a wink, won't scuff, scratch or harden. Let us help you plan beautiful, practical, long-wearing floors of inlaid linoleum.

Beautiful Colours in Jaspe, Marboleum and Broadvein Patterns

Beauty built right in with permanent colours that go right through to the backing, offering the widest and most wanted colour range possible. See for yourself at Beaver Lumber. 57 colours and patterns (many in stock).

BEAUTY FOR A
HOUSETIME WITH A
MINIMUM OF CARE

EASY TO DESIGN... EASY TO INSTALL... EASY TO KEEP CLEAN

You can create and design your own expressive, unique decorative effects with tile. Soft, subtle backgrounds for bedrooms and living rooms... vivid, vibrant floor beauty for kitchen, bathroom, playroom and hall. Any room in your home can have a bright "clean" new look with inexpensive linoleum tile. You can lay tile yourself... it's one of the simplest "do-it-yourself" projects. And once it is installed you have beautiful floors for a housetime with a minimum of care.

Vanity basin choice of blue, yellow, peach or white porcelain with chrome faucets and pop-up drain.

63" Continental Vanity as illustrated **\$170.25** Nothing Down \$16. a month

Includes .18" 3-drawer unit, 24" sink unit, 21" single drawer unit, "contour" Arborite Counter Top, Vanity Basin and faucets.

Free Estimates on Bathroom Vanities for New Homes or Remodelling.

ARBORITE Contoured Bathroom Vanity Counters are colourful, easy to clean and designed to brighten any bathroom. Full range of Arborite colours and patterns available.

Hanover

BUILT-IN BATHROOM VANITIES **CUSTOM SERIES**

Completely assembled with "contour" Arborite Vanity Counter, chrome faucets with pop-up drain, and porcelain sink with choice of colours—blue, yellow, peach and white.

Arborite Vanity Counter is 23" deep and splash at back is 6" high, protecting walls from watermarks and stains. Non-drip counter edge keeps water from dripping on floor.

Arborite Vanity Counter Top may be selected from over 30 designs and colours, with or without sink.

Base cabinets are finished in primed hardwood (ready to enamel) or attractively surfaced with your choice of Gray or Ivory Arborite. The two colours and pattern are purposely chosen to blend with any bathroom colour scheme, and allow unlimited choice of colours in any future redecorating plans.

Flexible Design fits any bathroom—Basic under-counter unit is 24" wide, 22" deep and 30" high. As desired this basic unit may be combined with drawers in three widths, 10", 16" and 22". As illustrated drawers may be added on the left or right, on both ends, or between two basic under-counter units. In all cases your Arborite Vanity Counter top is one continuous surface.

You can build your own Recreation Room
and have fun doing it! . . . with only a few simple tools—
a hammer, a saw, a level and tape.

After waterproofing outside walls apply simple strapping with concrete nails. For 16" or 48" wall panels (illustrated at left) space strapping at 16" vertical centres . . . For wood panelling (illustrated at right) space strapping at 16" horizontal centres. Partition wall is a simple frame of vertical 2 by 4's spaced at 16" centres. Ceiling strapping is nailed on right angles to joists at 12" centres for easy stapler application of ceiling tile. Floor paint or floor tile is applied according to the manufacturer's instructions. With this correct framing the installation of wallboards and ceiling tiles is fast and easy.

AND REMEMBER . . . You can always count on Your Beaver Home Improvement Specialist for friendly helpful advice !!

PAINT THE WATER OUT OF YOUR BASEMENT

AND HAVE COLOURFUL WALLS TOO!

It's smart to Sta-Dri

**Stop Water . . . Seal Water Out . . . Add Colour
ALL IN ONE EASY OPERATION**

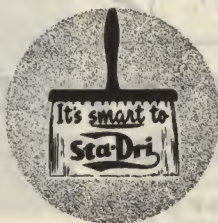

With Sta-Dri masonry paint you can colourfully brighten your basement and make it a clean, dry part of your home. Because it is a mineral coating, Sta-Dri paint will not flake, powder, rub off, disintegrate or deteriorate, it becomes a part of your wall for a lifetime. If you intend building your own recreation room, Sta-Dri before you panel the walls to stop water damage. You can also use colourful Sta-Dri on your exterior walls of cinder block, cement, stucco, concrete, asbestos shingles or other masonry . . . it's stone-like to weather.

**Decorate and waterproof a basement
Recreation Room wall 24 ft. long for
less than \$5.00 (2 coats).**

Walls of $\frac{3}{8}$ " Woodgrained SHEETROCK are a decorative room feature of incomparable beauty that will bring you lasting enjoyment and pride. Joints are designed to enhance the effect of natural wood. The special matching nails with which Woodgrained SHEETROCK Wallboard is applied blend so perfectly with the patterns as to be practically invisible. (Over existing walls, extra-long nails are used.) And, of course, no surface finish is needed—ever. You get instant—and lasting—decorating!

SABLEWOOD

A warm beige-toned straight-grained walnut finish that lends an ultra-modern note to the living room, dining room, family or recreation room, den library or entrance hall.

CHERRYWOOD

A deep radiant tone that provides a rich setting for traditional or modern decor. Strikingly beautiful in the living room, dining room, library or den. Equally effective as an accent wall in a hallway or dining room.

RANCH PINE

Here's the casual appearance of pine planks. This ever-popular "knot-and-grain" pattern is the perfect setting for the dining area, family or recreation room, child's bedroom or attic room. Just right for lodge, cottage or guest room.

LUXURY AT LOW COST WITH Abitibi PRE-FINISHED HARDBOARDS

**Smooth, hard, dirt resistant walls
you can wipe clean with a damp cloth!**

YOUR CHOICE OF 4 BEAUTIFUL WOODGRAINS

- LIGHT LUXURIOUS BUTTERNUT
- RICH GOLDEN OAK
- NEW GREY SILVERWOOD
- DISTINCTIVE WALNUT

With Abitibi Woodgrain Panels you can redecorate old walls easily or use that valuable space in your basement or attic and make a room out of it. Panels go up quickly, easily, giving any room you build a warm look of lasting luxury. Vertical V-Scoring on the panels allows for concealed nailing—once up, that's it—you need not spend one penny more for paints, stains or varnishes.

Pre-finished Abitibi Woodgrain Hardboard costs only 19½¢ per square foot. Work it out—you'll be surprised how little your new room will cost you.

Talk it over with Beaver. Ask about Factory Finished Abitibi Woodgrained Hardboard in smart new Butternut, Silverwood, Golden Oak and Walnut finishes in random plank effect. See them on display at Beaver.

For a Wall 12 ft. x 7 ft. **ONLY \$16.38**

4' x 7' Panel \$5.46

4' x 8' Panel \$6.24

19½¢ a sq. ft.

The carefully matched white walnut graining of light Butternut Beige or Pale Grey Silverwood hardboard has the new random plank score lines which are balanced to complement the beauty of the grain.

The above illustrates the fine natural wood-grain of Abitibi's Random Walnut Hardboard.

**THE PERFECT CEILING COMPANION FOR ABITIBI
BUTTERNUT and GOLDEN OAK PANELLING**

THE NEW GOLDEN-GLOW BLOK-BORD

Easy to install 4' x 4' ceiling panels factory finished in a warm beige background with attractive golden speckles that bring out the beauty of Butternut and Golden Oak Abitibi Hardboard panelling.

16" x 16" or 12" x 12" Ceiling Tile scoring 4' x 4' panel \$3.20. Only 20c a sq. ft.

Abitibi **PLATEWOOD** *

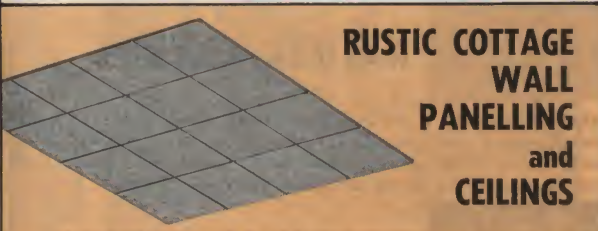

An Improved Particle Board

IDEAL FOR COTTAGE OR RECREATION ROOM PANELLING

The particle or chip texture of Platewood is interesting, decorative and definitely attractive for rec room panelling. The Natural colour of the Platewood is an attractive golden brown of many shades. But if you wish to match a particular colour scheme you can effectively paint or stain Platewood. The big 1/4" x 4' x 8' panels are virtually warp free for permanent basement application.

FOR A WALL 12 x 8 FT. \$16.32
only **17c** A Sq. Ft.

Other Platewood panels available in heavier thicknesses for cupboards, shelving, sliding doors and do-it-yourself furniture.

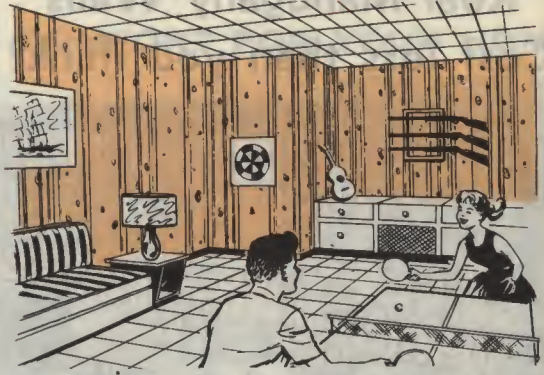

PLATEWOOD BLOK-BOARD

Platewood panelling when combined with matching Blok-Board ceiling panels give a very snug and attractive cottage interior. The rustic textured appearance of light brown Platewood on walls and ceiling are just right for the cottage. See for yourself at Beaver.

Blok-Board Ceiling Panels are scored in ceiling tile squares of 12" x 12" or 16" x 16"—Per 1/4" x 4' x 4' panel only
\$2.72

Andersen Windowalls

TRADEMARK OF ANDERSEN CORPORATION

SOURCE OF BEAUTY, LIGHT AND COMFORT FOR YOUR HOME

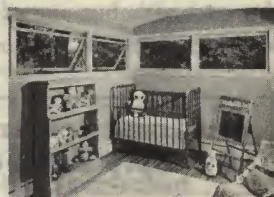

FLEXIVENT WINDOWS

ANDERSEN FLEXIVENT WINDOWS bring you extreme versatility and superior window quality at low cost. Possible window combinations are practically limitless . . . including ribbons, stacks, groups and large picture window assemblies. Shown above is an attractive group of nine Flexivent Windows with the middle row fixed while top and bottom rows swing outward awning style.

Hopper Style. Flexivent Window opens inward for convenient operation and safe, inside the home cleaning. Permits excellent ventilation—light distribution.

Awning Style. Flexivent Window opens outward. Allows maximum ventilation even in rainy weather, yet provides privacy and desirable wall space.

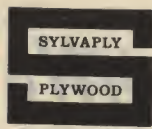

Here is the Andersen Gliding Window . . . truly the picture window that opens. Because of the Andersen Gliding Window's unique horizontal operation, you can get it in very large sizes . . . up to nearly 6 feet tall by 5½ feet wide. Even the largest slide smoothly open on a plastic track. And sash of the Gliding Window can be instantly removed for cleaning or painting whenever needed.

Here is the Andersen Casement Window . . . always easy to open at fingertip touch, yet brings you the advantages of weathertight wood construction. Chances are Andersen Casements will fit into any plans you have since they are available in many sizes including two widths, five heights and picture window combinations. They're complete, ready to install with glass and hardware.

FREE PLANNING HELP AND ESTIMATES AT BEAVER

Sylvaply for hurry-up people!

Bedroom storage wall, basement cabinets, room divider, new room—new house! There's no building job—from spice shelf to summer cottage—you won't do better and faster with Sylvaply waterproof-glue fir plywood. That's because Beaver stocks a Sylvaply grade and thickness to suit every possible task. Satin-smooth sanded panels for interior finish and cabinets. Low-cost unsanded sheathing for cottage sheathing, high fences and other construction uses.

Need Space

What most Canadian families need is more inner space: more space to store things, more space for clothes, more space to live in. That's why Sylvaply plywood is kept busy with home improvement ideas, like the bedroom wardrobe storage wall here in-the-making. This handsome wall-to-wall unit uses only a 24-inch strip of floor space. And it can store everything you and your wife wear—separate sections for each. It's but one of many free space-making plans at Beaver Lumber.

PAL-O-PAK TRADE MARK INSULATION

SAVE UP TO 50% ON FUEL COSTS

ONLY **\$1.25** PER BAG

You can do it yourself for only slightly more than 6¢ a square ft. a FULL 4" THICK. Bag coverage 4" thick, approx. 20 sq. ft.

8 GOOD REASONS FOR PAL-O-PAK INSULATION IN YOUR HOME

- 1 Fire and Vermin Repellent**—Extra protection against fire hazards. Pal-O-Pak is treated to resist fire, rodents, vermin, moths, etc.
- 2 Light in Weight**—Weighs only 12 oz. per sq. ft., 4 in. thick installed. The lighter the materials the better the insulation value.
- 3 Will Not Settle**—Light, resilient fibres will not pack. Short fibre, light in weight Pal-O-Pak will not settle in the walls.
- 4 Superior Insulation Value**—By standard laboratory test Pal-O-Pak is proved lower in heat loss.
- 5 Harmless To Handle**—Pal-O-Pak is a cellulose material containing no rock or mineral fibres to cause itching or irritation.
- 6 A Economy Leader for 30 Years**—Thousands have attested their complete satisfaction with Pal-O-Pak.
- 7 Cuts Fuel Bill Up To 50%**—Savings of fuel for attic insulation up to 30%; side walls and attic up to 50%. Pays you back every cent of the cost in about three years. Much cooler in summer.
- 8 Canadian Standards Association Approval**—This insulation is approved for electrical safety requirements by the Canadian Standards Association Approvals Laboratories No. 9649.

Seiler BOAT KITS

CLIPPER RUNABOUT \$249.00

It's a Lot More Fun . . . When You Build the Boat Yourself!

With a Seiler Boat kit you can own that boat that until now your budget would only let you dream about. There's no "home made" look about these either: they're low, sleek, speedy and versatile, with all the class you would expect in a custom boat costing more than twice as much. See Beaver to-day and see for yourself.

Assembling A Seiler
Boat Kit Is a Cinch!

ALL THE DIFFICULT
WORK IS DONE
FOR YOU!

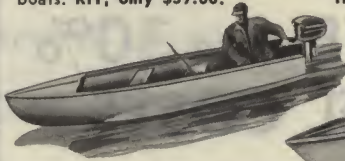

All the difficult work is already done for you. Frames, stem and transom of all models are preassembled. Each kit includes: precision-cut genuine Philippine mahogany parts; pre-cut top grade marine fir and mahogany plywood panels; brass fastenings; marine seam compound; and all other necessary materials. Illustrated, step-by-step instructions tell you how—show you how! You "Do-It-Yourself", save money, and have a time of your life!

PRAM — A multi-purpose boat you'll be proud to own. Adaptable to rowing or outboarding pleasure and offering performance, stability and load carrying characteristics found in much larger boats. KIT, only \$59.00.

CAR-TOP—Canada's biggest value in true vee-bottom boats. Designed especially for car-top carrying. The 10, 12 and 14 ft. topper insures ideal handling characteristics at low or high speed. KITS from \$104.00.

SPORTSMAN—This exciting 12 and 14 ft. model is a true sportsman's boat—for fishing, watersports, and speed. Adaptable for car-top or trailer transportation. KITS from \$144.00.

CRUISERS — Three models to choose from . . . 21 ft. Express, 17 ft. Sports and 17 ft. Utility. Magnificent boats that embody the finest qualities and most advanced principles known to designers. Compact, comfortable and rugged. KITS from \$512.00.

A GOOD MAN TO KNOW

THE BEAVER FARM "REP"

**BEAVER
LUMBER**

Whether you are thinking about a complete new set-up, or want to use existing buildings in combination with new structures, you'll want to plan as carefully and as economically as possible. That's where the Beaver Farm Rep. can help you. He has worked with hundreds of farmers in planning, building, and financing many different arrangements for profitable, modern operations. No two of these plans are exactly alike, yet the total experience he has gained is invaluable in such planning. We offer the benefit of this experience to you as one of the regular Beaver services. *Phone the Beaver Lumber store nearest you—ask for the "Farm Rep."*

VALUE FOR YOUR DOLLAR

Beaver builds hundreds of farm buildings each year—and it's a year-round operation. Month in and month out the materials flow through our yards in a steady stream to building sites spread over all Ontario. We buy from major suppliers all over the country—where we can get the top quality materials we specify, at a volume price.

CHEAP OR EXPENSIVE?

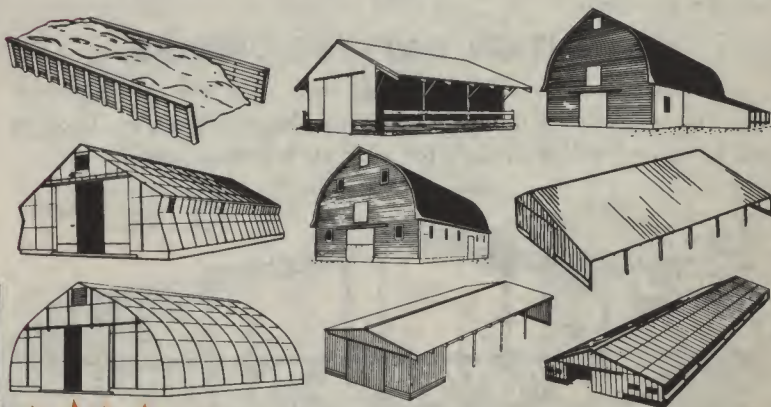

Beaver buildings are not expensive—but there's nothing cheap about them. You'll find no skimping, no short-cuts, no substituting of materials in the structure we build for you. The fact that our buildings are reasonable in price does not mean that you're buying second-rate materials or sloppy workmanship. The low price you pay is the direct result of volume buying and our volume of building. The reason we have this volume today is because we do give you high quality at reasonable cost. Dollar for dollar of value, you can't buy a better building or find a better price.

EXTRA DIVIDENDS

There are two extra dividends on your investment in a Beaver building. Because your structure is planned and engineered to do a specific job for you, you'll find the convenience and practical layout of your building will save you hours of work-time every day. And as you'll agree, hours saved on the farm mean money in your pocket. Add to this the dollars saved in maintenance costs plus the extra years of service you'll get from this quality structure, and you are going to have a feeling of deep satisfaction in the investment you have made.

ALL TYPES OF BUILDINGS

Pole frame, rigid frame or laminated arch, Beaver buildings can be built to suit your farm program. See the plans . . . visit the Beaver Lumber store or phone the Farm Rep. in your area.

Ample parking space, attractive displays, merchandise priced to your liking and arranged for your shopping convenience provide a one stop service you'll enjoy every time.

ATTENTION COTTAGE OWNERS

There is a Beaver Store located near your cottage. Phone or write for weekend delivery or stop and shop on the way. Look to the friendly Joe Beaver sign for all your building needs.
